9:00pm	Adjourn	All Members

*** Please be on-time, we have moved the meeting time back to 6:45 pm to accommodate people's schedules. If we are to finish on-time we must start on time. Questions about the agenda need to be directed to me as I will be developing the steering committee agenda with the chair and

coordinator each month. Should you have items for future steering committee meetings, please let me know at the steering committee meeting or at the latest 9 days prior to the steering committee meeting. I have taken responsibility for sending this out each month in response to freeing up of some of the coordinator's time.
